

## REMARKS

The Ideker reference is pertinent to the disclosure but in Ideker the multiple electrode system is not used to place a single electrode system as called for the amended claim. In contrast to prior art systems the barb now required by the pacing lead does not itself puncture the pericardium.

## CONCLUSION

The claim remaining in this application should now be seen to be in condition for allowance. The prompt issuance of a notice to that effect is solicited.

Respectfully submitted,  
COMEDICUS INC.  
By its attorneys:
